

Premier **Software Development** Provider

www.instinctools.eu

Your **Software Outsourcing** Partner

... WHEN YOU **FALL SHORT**
OF YOUR OWN ENGINEERS

*instinctools Eastern Europe Labs delivers custom software and mobile projects worldwide to customers. We work for SMB & Enterprises providing a full cycle of custom software development & support. World-class names like SAP & Daimler appreciated our services at reasonable prices & substantial expertise.

Why Are We Wanted?

Reasonable Cost

We Offer You Services at About Half
the Rates of US/EU Dev Companies.
We Cost Less Than Own Resources

Flexible Teams Scalability

Our team professionally solves any technical tasks. We pay a lot of attention to training and development of our employees.

Turn Key Dev Service

We develop projects for BMW, Daimler, Fujitsu Enabling Technologies, Verizon, Burda Digital, EnBW, Garant Moebel Gruppe

Why Are We Wanted?

15+ Years of Nearshoring Experience

We know how to work remotely and we are ready to train your stuff. We guarantee offshore software development risks minimization.

Deep Technical Expertise

The rate of Higher Education per square inch goes off scale - we have 98% graduated Engineers with 6 Uni Professors in team, conducting regular trainings on the latest technologies.

***instinctools**™

High Standards

The high quality of our services is provided by efforts of our own QA Division with 53% Senior Software Developers, controlling the project from start to finish.
